Ref. No. 4620-1 Hospitals/38

Station Madras, *Dated the* 22nd April 1938.

From (Name) Major-General N.M.Wilson, O.B.E., K.H.S., I.M.S.,
(Designation) Surgeon-General with the Government of Madras.

To The Secretary to the Government of Madras,
Education and Public Health Department.

Sir,

I have the honour to state that in G.O.No.Ms.1821 P.H., dated 29-7-37 the Government sanctioned the employment of an additional waterman in the Government Headquarters Hospital, Mangalore, temporarily for the period from 27-4-37 to 20-6-37. The District Medical Officer, South Kanara, now reports that on account of the failure of the North East Monsoon last year in those parts there is scarcity of water in the well situated in the hospital compound and that the present watermen have therefore to get water from the municipal well which is situated on the road side at a distance of about 200 yards from the hospital.

The

The daily average of both in and out-patients for the last three years and for January 1938 is given below:-

Year	Inpatients	Out-patients
1935	115.20	364.95
1936	118.34	430.70
1937	153.00	623.09
January 1938	166.26	664.31

Though the sanctioned bed strength of this hospital, is 100 the actual number of in-patients accommodated in this hospital, has been more than 150 and as per the scale of watermen approved in G.O.No.Ms.3339 P.H., dated 23-12-35 this hospital is entitled to have three watermen based on the above daily average. There are at present two watermen employed in this hospital. The District Medical Officer reports that a large amount of water is required to keep the hospital clean and also for other purposes. As there has been a marked increase in the number of patients treated in this hospital the District Medical Officer recommends the appointment of an additional waterman in the hospital.

V

In the circumstances stated above I consider that there is a real need for an additional waterman in the above Hospital and request that the Government will kindly accord sanction for the employment of an additional waterman from 1-5-1938.

I have the honour to be,

Sir,

Your most obedient servant,

Personal Assistant

for Surgeon-General with the Government of Madras.

C.E.P/21-4-38

Finance (E.II).

On the last occasion, the additional waterman was sanctioned for the period 27-4-37 to 20-6-37. When the South-west monsoon sets in fully by the beginning of June, there will be sufficient water in the Hospital well itself, and there will be no need to get water from the Municipal well at al Finance may accordingly suggest that the employment of the additional waterman need not be sanctioned beyond 30-6-38. Subject to an alteratio being made with reference to this suggestion, the draft order may be accepted in Finance.
